## COMPATIBILITY

The following tank mixes have been tested for physical compatibility with ACTARA at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety or product performance therefore, use is at the user's own risk. Syngenta Crop Protection will support the physical compatibility of 2 or 3-way tank mixes of ACTARA with any of the fungicides or insecticides listed. For further information on compatibilities, contact Syngenta Crop Protection on 0800 1696058.

## NOTES

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical. Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

**Always read the label. Use pesticides safely.**
